JOURNALS IN ANESTHESIOLOGY

Regional Anesthesia and Pain Medicine

Official Publication of the American Society of Regional Anesthesia and Pain Medicine (ASRA), European Society of Regional Anaesthesia and Pain Therapy (ESRA), the Asian and Oceanic Society of Regional Anesthesia (AOSRA), and the Latin American Society of Regional Anesthesia (LASRA).

Editor-in-Chief: Joseph M. Neal, MD
Published bimonthly
Print ISSN: 1098-7339

Regional Anesthesia and Pain Medicine, official publication of the American Society of Regional Anesthesia and Pain Medicine (ASRA), is a bimonthly journal that publishes peer-reviewed scientific and clinical studies to advance the understanding and clinical application of regional techniques for surgical anesthesia and postoperative analgesia. Coverage includes intraoperative regional techniques, perioperative pain, chronic pain, obstetric anesthesia, pediatric anesthesia, outcome studies, and complications. The journal has a special interest in all forms of research pertaining to ultrasound-guided regional anesthesia and to education in regional anesthesia and pain medicine. rapm.org

Survey of Anesthesiology

Editor: Kathryn E. McGoldrick, MD
Published bimonthly
Print ISSN: 0039-6206

Anesthesiologists can cut their professional reading time in half and still cover their field better than ever before with *Survey of Anesthesiology*. This journal publishes short summaries of the most significant articles on anesthesiology from all over the world. Each condensed article carries a critique by a reviewing editor to provide an expert perspective on the material presented. surveyanesthesiology.com

Simulation in Healthcare

Journal of the Society for Simulation in Healthcare
Editor-in-Chief: David M. Gaba, MD
Published bimonthly
Print ISSN: 1559-2332

Simulation in Healthcare is a multidisciplinary publication encompassing all areas of applications and research in healthcare simulation technology. The journal is relevant to a broad range of clinical and biomedical specialties, and publishes original basic, clinical, and translational research on topics such as: Safety and quality-oriented training programs; Development of educational and competency assessment standards; Reports of experience in the use of simulation technology; Virtual reality; Epidemiologic modeling; and Molecular, pharmacologic, and disease modeling. simulationinhealthcare.com

New Impact Factor in 2011!

Topics in Pain Management

Current Concepts and Treatment Strategies

Editors: Clifford Gevirtz, MD, MPH
Published: monthly
Print ISSN: 0882-5646

Topics in Pain Management reports news on a wide range of pain management topics gleaned from a survey of dozens of journal articles. Each issue provides readers with in-depth reviews edited to highlight information pertinent to the rapid management of pain. Featuring new concepts and breakthroughs in pain control, the newsletter includes information on the latest pharmaceutical agents and strategies for managing common patient complaints. Contributors are among the world's leading experts in pain evaluation and treatment.

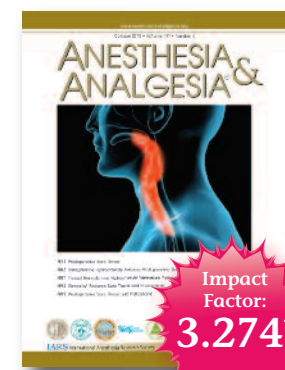

Anesthesiology

The Journal of the American Society of Anesthesiologists, Inc.

Editor-in-Chief: James C. Eisenach, MD
Published monthly
Print ISSN: 0003-3022

Diverse, peer-reviewed content includes clinical investigations in perioperative, critical care, and pain medicine as well as editorial views, review articles, correspondence, and Reviews of Educational Material. A new Education section features a monthly Case Scenario, Anesthesia Literature Review, Clinical Concepts and Commentary, Images in Anesthesiology, and other content relevant to clinical practice. anesthesiology.org

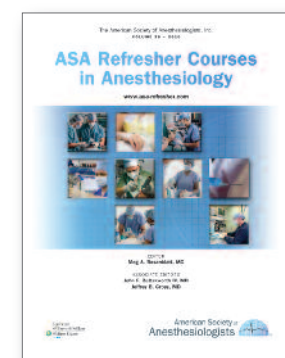

Anesthesia & Analgesia®

The official journal of the International Anesthesia Research Society and the Society of Cardiovascular Anesthesiologists, Society for Pediatric Anesthesia, Society for Ambulatory Anesthesia, International Society for Anaesthetic Pharmacology, Society for Technology in Anesthesia, Anesthesia Patient Safety Foundation, American Society of Critical Care Anesthesiologists, Society for Obstetric Anesthesia and Perinatology

Editor: Steven L. Shafer, MD
Published monthly
Print ISSN: 0003-2999

Voted one of the "Top 100 Journals in Biology and Medicine" by the Special Libraries Association (SLA). An international Editorial Board of leading scientists guide the content for key subspecialty departments covering all aspects of anesthesia and pain control with an emphasis on clinical applicability for the practitioner. *Anesthesia & Analgesia* also reports on important advances in the basic sciences worldwide that inform clinical anesthesiology — no other journal can match it for its original and significant contributions to the field. anesthesia-analgesia.org

ASA Refresher Courses in Anesthesiology 2010

A project in the Continuing Education Program of the American Society of Anesthesiologists

Editor: Meg A. Rosenblatt, MD
Published once a year
Print ISSN: 0363-471X

Each new volume of *ASA Refresher Courses* includes up to twenty complete and edited peer-reviewed lectures on topics of current clinical interest which are selected from regional and national ASA Refresher Course lectures. The Refresher Courses series provides timely, enjoyable, informative and essential reviews that keep readers up-to-date on changes to the theory and practice of anesthesiology. This product has been completely redesigned for the 2010 volume. A streamlined book format replaces the binder, a 2-column format makes for easier reading, full-color images are used throughout, and supplementary content is available online. asa-refresher.com

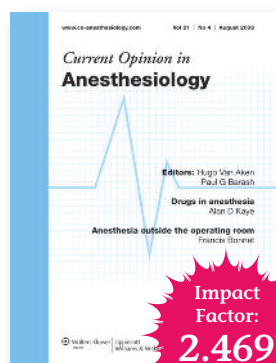

The Clinical Journal of Pain

Editor: Dennis C. Turk
Published 9 times a year
Print ISSN: 0749-8047

The *Clinical Journal of Pain* explores all aspects of pain and its effective treatment, bringing you the insights of leading anesthesiologists, surgeons, internists, neurologists, orthopedists, psychiatrists and psychologists, clinical pharmacologists, and rehabilitation medicine specialists. Each issue presents timely and thought-

provoking articles on clinical dilemmas in pain management; valuable diagnostic procedures; promising new pharmacological, surgical, and other therapeutic modalities; psychosocial dimensions of pain; and ethical issues of concern to all medical professionals. The journal also publishes Special Topic issues on subjects of particular relevance to the practice of pain medicine. clinicalpain.com

International Anesthesiology Clinics

Editor: William E. Hurford, MD
Published quarterly
Print ISSN: 0020-5907

Each hardcover issue presents a clinically focused, in-depth review of a topic of practical interest to anesthesiologists. Each issue is developed by an expert guest editor who assembles a team of knowledgeable authors to bring you the best of current thinking and insight on the chosen topic. Coverage ranges from updates on clinical practice to issues facing the field and advances that will change practice. anesthesiaclinics.com

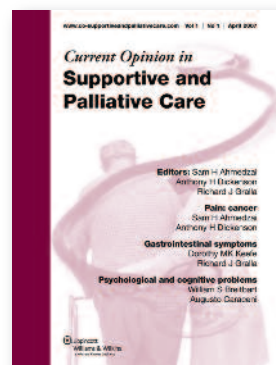

Current Opinion in Critical Care

Editor: Jean-Louis Vincent, MD, PhD
Published bimonthly
Print ISSN: 1070-5295

This journal provides a powerful, broad-based perspective on the most important advances from worldwide literature. *Current Opinion in Critical Care* delivers unvarnished, expert assessments of developments from the previous year. Editorials and invited reviews cover key subjects such as the respiratory system;

neuroscience; cardiopulmonary resuscitation; the surgical patient; trauma; and infectious diseases. All reviews are supplemented with an indispensable section, "References and Recommended Reading." At the back of each volume is "Current World Literature," an exceptionally thorough bibliography taken from the top 100 journals in the field. co-criticalcare.com

Impact Factor:
2.551*

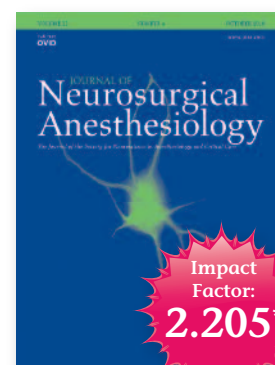

Current Opinion in Supportive and Palliative Care

Editors: Sam Ahmedzai, Richard Gralla & Anthony Dickenson
Published quarterly
Print ISSN: 1751-4258

This reader-friendly, broad-based resource empowers those working in the fields of supportive and palliative care to put to good use vital clinical and research advances from throughout the world. The journal delivers expert assessments of

developments from the previous year — overviews found nowhere else. Insightful editorials and on-the-mark invited reviews bring readers up to speed on key subjects such as pain, gastrointestinal symptoms, psychological and cognitive problems, respiratory problems, renal and urological problems, bone and haematological problems, end of life management, cardiac and circulatory problems, cachexia, nutrition and hydration, HIV and other infections, quality of life, economics, and ethics. co-supportiveandpalliativecare.com

Journal of Neurosurgical Anesthesiology

Official Journal of the Society of Neurosurgical Anesthesia and Critical Care, Neuroanaesthesia Society of Great Britain and Ireland, Association de Réanimation de langue Française, Wissenschaftlicher Arbeitskreis Neuroanästhesie der Deutschen Gesellschaft für Anästhesiologie

und Intensivmedizin, Arbeitsgemeinschaft Deutschsprachiger Neuroanästhesisten und Neuro-Intensivmediziner, Korean Society of Neuroanesthesia, Japanese Society of Neuroanesthesia and Critical Care, Neuroanesthesiology Chapter of the Colegio Mexicano de Anestesiología, and Indian Society of Neuroanesthesiology and Critical Care.

Editor: James E. Cottrell, MD
Published quarterly
Print ISSN: 0898-4921

This journal keeps practitioners abreast of advances in neurosurgical anesthesia that directly impact on current clinical practice or will affect clinical practice in the future — including new drugs, new equipment, and new procedures. jnasa.com
