**Current Opinion in Nephrology and Hypertension**

Editor-in-Chief: Barry M. Brenner, MD  
Published bimonthly  
Print ISSN: 1529-7535

This journal delivers unvarnished, expert assessments of developments from the previous year. Insightful editorials and on-the-mark invited reviews cover key subjects such as circulation and hemodynamics; pathophysiology of hypertension; clinical nephrology; mineral metabolism; pharmacology and therapeutics; renal immunology, pathology and pathophysiology; dialysis and transplantation; and other topics of major relevance. All reviews are supplemented with an indispensable section, References and Recommended Reading. At the back of each volume is Current World Literature, an exceptionally thorough bibliography culled from the top 100 journals in the field. [co-nephrohypertens.com](http://co-nephrohypertens.com)

**Innovations: Technology and Techniques in Cardiothoracic and Vascular Surgery**  
Official Journal of the International Society of Minimally Invasive Cardiothoracic Surgery

Editor-in-Chief: Ralph J. Damiano, Jr., MD  
Published bimonthly  
Print ISSN: 1556-9845

*Innovations: Technology and Techniques in Cardiothoracic and Vascular Surgery* reports on the latest advances that lead to less-invasive treatment of cardiothoracic and vascular disease. Each bimonthly issue contains cutting-edge original research focusing on robotic surgery, endoscopic vascular surgical techniques, and nanotechnology as relevant to cardiothoracic surgery. [innovjournal.com](http://innovjournal.com)

**Journal of Cardiovascular Medicine**  
Official Journal of the Italian Federation of Cardiology and the Italian Society for Cardiac Surgery

Editor-in-Chief: Raffaele Bugiardini  
Published monthly  
Print ISSN: 1558-2027

The Journal publishes original research articles, epidemiological studies, new methodological clinical approaches, case reports, design and goals of clinical trials, review articles, points of view, editorials and images in cardiovascular medicine.
