## JOURNALS IN OBSTETRICS AND GYNECOLOGY

### Obstetrical & Gynecological Survey

*Editors-in-Chief: Robert B. Jaffe, MD, Howard W. Jones III, MD, Aaron Caughey, MD, Mary Norton, MD*  
 Published monthly  
 Print ISSN: 0029-7828

This journal publishes summaries—with critical comments—of the best and most significant ob/gyn literature from all over the world. Coverage includes maternal/fetal medicine, infertility, endocrinology, gynecologic oncology and surgery, infections, contraception and related fields. Each issue brings readers more than 20 carefully selected, condensed articles gleaned from a survey of more than 100 U.S. and international journals. Edited for busy physicians, this time-saving journal covers a wide range of news and developments in obstetrics and gynecology. [obgynsurvey.com](http://obgynsurvey.com)

### Postgraduate Obstetrics & Gynecology

*Editor: William Schlaff, MD*  
 Published 24 times a year  
 Print ISSN: 0194-3898

Inside each issue, well-known gynecologists and obstetricians share their experience and expertise on a particular illness or condition. They review the clinical information physicians need to recognize, diagnose, or manage the problem under discussion, and provide concise, yet comprehensive, clinical overviews to help readers stay up-to-date on critically important, cutting-edge, and, at times, controversial topics.

### Obstetrics & Gynecology

Official Journal of the American College of Obstetricians and Gynecologists (ACOG)

*Editor-in-Chief: James R. Scott, MD*  
 Published monthly  
 Print ISSN: 0029-7844

*Obstetrics & Gynecology*, also known as the Green Journal, is a valuable resource for any physician specializing in women's health. Under the guidance of Editor-in-Chief James R. Scott, MD, FACOG, with the assistance of Deputy Editor John T. Queenan, MD, FACOG and Associate Editor Catherine Y. Spong, MD and an outstanding editorial board, this peer-reviewed journal is the most prestigious in its field. Each monthly issue provides readers with premier clinical research on current developments in obstetrics, gynecology, and women's total health care. The journal regularly features ACOG practice guidelines, editorials, current commentaries, and reviews, in addition to periodic supplements. [greenjournal.org](http://greenjournal.org)

### Menopause

The Journal of The North American Menopause Society

*Editor-in-Chief: Isaac Schiff, MD*  
 Published monthly  
 Print ISSN: 1072-3714

*Menopause: The Journal of The North American Menopause Society* publishes important and timely articles in this rapidly expanding area of interest to specialists, general practitioners, nurses, and social workers. It features peer-reviewed, original research papers and review articles related to menopause, hormone therapy, non-hormone and hormone-related aging factors in women, cardiovascular disease in women, osteoporosis, breast cancer and other female cancers, and primary preventive health care for women at menopause and beyond. [menopausejournal.com](http://menopausejournal.com)

### Female Pelvic Medicine & Reconstructive Surgery

The Official Journal of the American Urogynecologic Society (AUGS)

*Editor-in-Chief: Alfred E. Bent, MD*  
 Published bimonthly  
 Print ISSN: 2151-8378

*Female Pelvic Medicine & Reconstructive Surgery* is a peer-reviewed, multidisciplinary journal dedicated to specialists, physicians and allied health professionals concerned with prevention, diagnosis and treatment of female pelvic floor disorders. The journal publishes original clinical research, basic science research, education, scientific advances, case reports, scientific reviews, editorials and letters to the editor. \*2009 Journal Citation Reports® (Thomson Reuters, 2010)

**Briggs Update: Drugs in Pregnancy and Lactation**

Editors: Gerald G. Briggs, BPharm, Roger K. Freeman, MD, and Sumner Y. Jaffe, MD  
 Published quarterly  
 Print ISSN: 0897-6112

Based on the best selling text, these quarterly updates bring critically important information on new drugs and their effect on the fetus and nursing infant as soon as it's available. Providing quick, streamlined, and authoritative data, these Updates cover the latest on prescription and over-the-counter medications and herbal treatments. Organized in the same convenient monograph format as the parent text, *Drugs In Pregnancy and Lactation*, these special reports keep doctors and other health care practitioners up-to-date between editions.

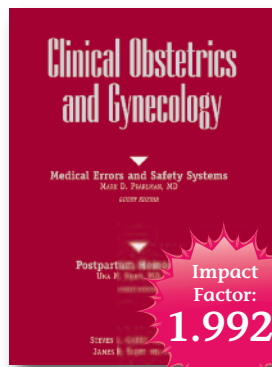

**International Journal of Gynecological Cancer**

Official Journal of the International Gynecologic Cancer Society and the European Society of Gynaecological Oncology

Editor-in-Chief: Uziel Beller  
 Published 9 times a year  
 Print ISSN: 1048-891X

The Journal allows you to call on a roster of international experts for the latest research, advice, and knowledge in order to provide the best treatment for your patients. The list of editorial board members represents every part of the globe and all the major disciplines - gynecology, oncology, radiation therapy, and pathology - involved in treating cancer. Let the *International Journal of Gynecological Cancer* bring the world's best research to you nine times a year in a concise and easy-to-read format. [ijgc.net](http://ijgc.net)

Impact Factor: **1.558\***

**Clinical Obstetrics and Gynecology**

Editors: Steven G. Gabbe, MD and James R. Scott, MD  
 Published quarterly  
 Print ISSN: 0009-9201

Each issue of *Clinical Obstetrics and Gynecology* is a complete reference on two timely topics of interest to practicing obstetricians and gynecologists. Procedures, current clinical problems, medical and surgical treatments, and effective diagnostic aids are all carefully reviewed in original articles. The Editors select two Guest Editors with expertise on the topics to be reviewed, and up to twenty contributions are selected to address key clinical aspects of the topics. [clinicalobgyn.com](http://clinicalobgyn.com)

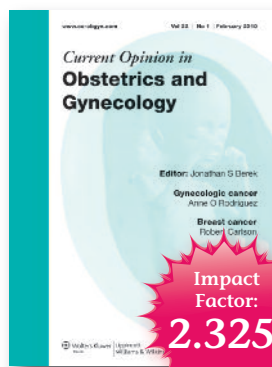

**International Journal of Gynecological Pathology**

Official Journal of the International Society of Gynecological Pathologists

Editor-in-Chief: Mark H. Stoler, MD  
 Published bimonthly  
 Print ISSN: 0277-1691

This journal provides complete and timely coverage of advances in the understanding and management of gynecological disease. Emphasis is placed on investigations in the field of anatomic pathology. Articles devoted to experimental or animal pathology clearly relevant to an understanding of human disease are published, as are pathological and clinicopathological studies and individual case reports that offer new insights. [intgynpathology.com](http://intgynpathology.com).

Impact Factor: **2.076\***

**Current Opinion in Obstetrics and Gynecology**

Editor-in-Chief: Jonathan S. Berek  
 Published bimonthly  
 Print ISSN: 1040-872X

*Current Opinion in Obstetrics and Gynecology* provides a powerful, broad-based perspective on the most important advances in the field from throughout the world literature. Reader-friendly, the journal features renowned guest editors focusing exclusively on two topics each issue. Bimonthly, every issue of *Current Opinion in Obstetrics and Gynecology* delivers unvarnished, expert assessments of developments from the previous year. Insightful editorials and on-the-mark invited reviews cover eleven key subjects in all, spanning gynecologic oncology and pathology; maternal-fetal medicine and prenatal diagnosis; reproductive endocrinology; fertility; endoscopic surgery; adult and pediatric gynecology; urogynecology; and general obstetrics.
