ACSM's Health & Fitness Journal®

An Official Journal of the American College of Sports Medicine

Editor-in-Chief:
Edward T. Howley, PhD, FACSM
Published bimonthly
Print ISSN: 1091-5397

ACSM's Health & Fitness Journal® responds to the information needs of fitness instructors, personal trainers, exercise leaders, program managers, and other front

line health and fitness professionals. The mission of the journal is to promote and distribute accurate, unbiased, and authoritative information on health and fitness. With a complete and compelling format, the journal covers all aspects of exercise science and nutrition research, with components of ACSM certification workshops, current topics of interest to the fitness industry, and continuing education credit opportunities. acsm-healthfitness.org

Current Sports Medicine Reports

Official Review Journal of the American College of Sports Medicine

Editor-in-Chief:
William O. Roberts, MD, MS, FACSM
Published bimonthly
Print ISSN: 1537-890X

Current Sports Medicine Reports, an official review journal of the American College of Sports Medicine, helps keep physicians up

to date with the expanding volume of information published in sports medicine. This bimonthly publication divides the field of sports medicine into 12 major categories. Each issue covers two areas in depth, providing a thorough review of the most current sports medicine literature published. acsm-csmr.org

Medicine & Science in Sports & Exercise

Official Journal of the American College of Sports Medicine

Editor-in-Chief:
Andrew J. Young, PhD, FACSM
Published monthly
Print ISSN: 0195-9131

With this leading multidisciplinary journal, exercise physiologists, physiatrists, physical therapists, team physicians and athletic trainers get a vital exchange of

information from basic and applied science, medicine, education, and allied health fields. Continuously highly ranked in Sport Sciences [2009 Journal Citation Reports® (Thomson Reuters, 2010)], its original articles report on new educational developments as well as sound physical fitness practices and the treatment of sports injuries. The journal helps readers enhance their basic understanding about the role of physical activity in human health and function. acsm-msse.org
