Transplantation®

Official Journal of The Transplantation Society

Editors: J. Andrew Bradley, Mark A. Hardy, James Neuberger, David H. Sachs, Manikkam Suthanthiran, Kathryn J. Wood
Special Features Editors: Anthony P. Monaco, Peter J. Morris
Published 24 times per year
Print ISSN: 0041-1337

The most cited and influential journal in the field with over 26,000 citations a year,

Transplantation consistently ranks among the top journals in Transplantation, Surgery and Immunology. The journal covers areas including: cell therapy and islet transplantation; clinical transplantation; experimental transplantation; immunobiology and genomics; xenotransplantation. Expert researchers and clinicians from around the world contribute original Articles, Overviews and Brief Reports in every pertinent specialty. Forums provide in-depth discussion of exciting developments and controversies in the field. Rapid Communications bring attention to cutting edge research. Issues also contain Analyses and Commentaries, Letters to the Editor and Announcements. There are also special dedicated issues, such as the World Transplant Congress issue. transplantjournal.com

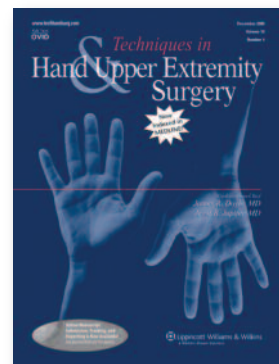

Techniques in Foot & Ankle Surgery

Editors: Robert B. Anderson, MD, W. Hodges Davis, MD, Bruce E. Cohen, MD & Carroll P. Jones, MD
Published quarterly
Print ISSN: 1536-0644

The Journal offers a unique opportunity to master the most innovative and successful surgical techniques for correction of foot and ankle disorders. Coverage encompasses ankle arthroplasty, reconstructive surgery for fractures, flatfeet, and diabetic feet, neuromuscular and tendon disorders, and more.

techfootankle.com

Techniques in Hand & Upper Extremity Surgery

Co-Editors-in-Chief: James R. Doyle, MD & Jesse B. Jupiter, MD
Published quarterly
Print ISSN: 1089-3393

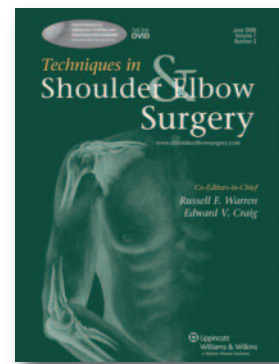

The Journal features articles by leading experts on the latest surgical techniques, the newest equipment, and progress in therapies for rehabilitation. The primary focus of the journal is hand surgery, but articles on the wrist, elbow, and shoulder are also included. techhandsurg.com

Techniques in Knee Surgery

Editors: Thomas L. Wickiewicz, MD, Russell E. Windsor, MD, Peter T. Simonian, MD & Jess H. Lonner, MD
Published quarterly
Print ISSN: 1536-0636

The Journal enables orthopaedic surgeons to master the most advanced and successful techniques for reconstructive knee surgery and total knee arthroplasty, and covers the entire spectrum of diseases, disorders, and injuries. techknee.com

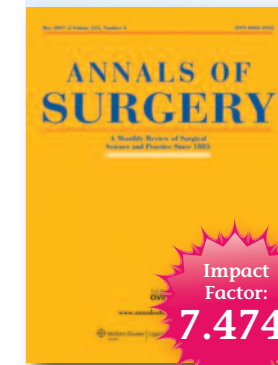

Techniques in Shoulder & Elbow Surgery

Co-Editors-in-Chief: Russell F. Warren, MD & Edward V. Craig, MD
Published quarterly
Print ISSN: 1523-9896

The Journal offers a unique opportunity to consult with leading orthopaedic surgeons in the area of shoulder and elbow surgery. Under expert editorial guidance, the surgical masters share their personal techniques for correction of the entire spectrum of shoulder and

elbow conditions and demonstrate how to incorporate these successful techniques into the reader's practice. techshoulder.com

Annals of Surgery

A Journal of: American Surgical Association • European Surgical Association • New York Surgical Society • Philadelphia Academy of Surgery • Southern Surgical Association

Editor: Layton F. Rikkers, MD
Published monthly
Print ISSN: 0003-4932

Ranked first by ISI 2009 in the category of Surgery, this is the world's most highly

referenced surgery journal, providing the international medical community with information on significant contributions to the advancement of surgical science and practice. Surgeons look to *Annals of Surgery* first for innovations in practice and technique. Special editorial features include "Advances in Surgical Technique," which provides up-to-the-minute coverage of current clinical issues, and monthly review articles that cover the most current practice concerns.

Innovations: Technology and Techniques in Cardiothoracic and Vascular Surgery

Official Publication of the International Society for Minimally Invasive Cardiothoracic Surgery

Editor: Ralph J. Damiano, Jr., MD
Published bimonthly
Print ISSN: 1556-9845

This is the first journal whose main mission is to disseminate information specifically about advances in technology and techniques that lead to less invasive treatment of cardiothoracic and vascular disease. You will receive cutting-edge original research, reviews, essays, case reports, and editorials from the pioneers and experts in the field of minimally invasive cardiothoracic and vascular disease, including biomedical engineers. Also included are papers presented at the annual ISMICS meeting, as well as a list of pertinent upcoming meetings and events. innovjournal.com

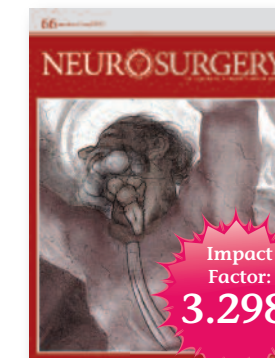

Journal of Craniofacial Surgery

An International Journal dedicated to the art and science essential to the practice of craniofacial surgery and pediatric plastic surgery

Editor-in-Chief:
Mutaz B. Habal, MD, FRCS
Published bimonthly
Print ISSN: 1049-2275

JCS serves as a forum of communication for all those involved in craniofacial and maxillofacial surgery. Coverage ranges from practical aspects of craniofacial surgery to the basic science that underlies surgical practice. The journal publishes original articles, scientific reviews, editorials and invited commentary, abstracts and selected articles from international journals, and occasional international bibliographies in craniofacial surgery. jcraniofacialsurgery.com

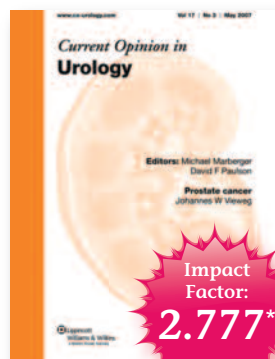

Neurosurgery
Official Journal of the Congress of Neurological Surgeons

Editor: Nelson Oeysiku, MD
Published monthly
Print ISSN: 0148-396X

The fastest growing journal in the field, *Neurosurgery* has earned a worldwide reputation for complete, reliable coverage delivered with a fresh, dynamic outlook. The journal attracts contributions to bring neurosurgeons the latest

information on innovative surgical techniques and advances in instrumentation. *Neurosurgery* can offer you more than 20 years of journal content online. neurosurgery-online.com
